

DISCIPLESHIP EVALUATION TOOL

When you became a Christian you made a decision to follow Jesus... to be His disciple. So how are you doing? Use the checklist below to evaluate the quality of your discipleship. Rate each statement on a scale of 1 to 5. One means you are very weak in this area and five means you feel you are extremely strong in this area. After rating yourself, set some goals and list one thing you can do to improve in each area. Tuck this paper in your Bible and refer back to it periodically to evaluate your progress.
