Mission Experiences - developing a habit of service

HEART OF SERVICE

A very important quality of a follower of Christ we seek to help develop is a heart for service. God makes it clear in His Word that loving others is high on the lists of things that really matter. Learning to look beyond ourselves and our situations can be hard to do, however, if we can step into a new experience we are often reminded of God's truth: "What you do to the least of these, you do for me."

A great way of learning about opportunities in our church is to contact Lori Hoffnagle our church's Outreach Director to be added to her "Service Opportunities" emails. Email Lori at outreach@fumchurch.com..

In this pamphlet you will find a variety of experiences that await you—you just need to reach out and offer your service. We highly encourage parents to participate in any mission opportunity that a student would choose to do.
